

Balancing Toner

#560

Balancing Toner

Supports skin's pH balance.

Does your skin need some extra attention after cleansing? Forever's balancing toner is designed to ensure all dirt and debris is washed off, while minimizing the appearance of pores and adding extra hydration, making it ideal for use between cleansing and moisturizing.

Balancing toner provides an exclusive blend of seaweed extract and sodium hyaluronate to moisturize and soften skin while supporting a youthful appearance. The addition of cucumber extract adds another layer of soothing hydration while promoting improved skin tone and texture, thanks to naturally-occurring lignans.

White tea extract is a rich antioxidant with a high polyphenolic content that works with aloe to balance fluctuations of the skin and fight free radicals. To further supercharge this powerful formula, we used hyaluronic acid, which has been called a molecular sponge because of its water attracting abilities.

Only the freshest, purest aloe from our own fields is used in balancing toner to ensure only the finest, most potent ingredients refresh and nourish your skin. Every aloe plant is carefully nurtured, hand harvested and hand filleted to extract only pure, powerful inner-leaf gel.

Notice a profound difference in the way your skin looks and feels when you add balancing toner to your routine!

SKINCARE

FAST FACTS

- Refreshes, soothes and hydrates
- Smooths skin's tone and texture
- Minimizes the appearance of pores

Gluten Free

Suitable for vegetarians

Suitable for vegans

CONTENTS

4.4 FL. OZ. (130 mL)

DIRECTIONS
